

{ Work Smarter }

with SRC Solutions, Inc.

The SRC Mission

SRC Solutions, Inc. helps companies redefine work to their benefit. Our mission is to identify cumbersome, repetitive or counter productive work procedures and replace them with easy-to-use and intuitive products, and streamlined processes.

The benefits of Working Smarter with SRC Solutions include time savings, financial savings, improved work flow and employee collaboration, data security/integrity and risk reduction.

Who is SRC

SRC Solutions was founded in 2001. The main office is located in Dunmore, PA, within two hours of New York, Philadelphia, Harrisburg, Syracuse and Wilmington, DE.

Corporate principals are:

Patrick Maher, President; Michael Dolnick, Senior Vice President – Business Development; Michael O’Boyle, Senior Vice President – Product Management; Scott Riley, CFO/COO; Peter Serrao, Senior Vice President – Deployment.

Breadth of Services

SRC is a custom solutions provider as well as a developer of patented, packaged software products such as EZ School Registration™ (EZSR), Conveyor and FileClerk. The company carefully evaluates each customer’s unique needs to provide the specific solution that will deliver long-term results. Services include document management solutions, records management, workflow solutions, business process re-engineering, document imaging/conversion and litigation support services. SRC’s solution providers have decades of experience in designing, programming and integrating networks, hardware, software and Internet systems.

Industries served

SRC helps educational, government and private industry customers improve productivity, increase profitability, eliminate waste and reduce risk by reworking outdated work processes.

SRC Partnerships

SRC is a XEROX® Platinum Partner and an authorized reseller of Alfresco, Captiva, Cardiff, Kofax, Microsoft, Notable Solutions, NowDocs, Surety and Visioneer.

The Importance of Product Development

In addition to providing custom solutions, SRC is committed to developing packaged solutions that solve industry-wide problems. SRC’s product developers delve into outdated processes to identify smarter work methods. The end result is often a solution, such as EZ School Registration, that revolutionizes the way a traditional process is approached.

With SRC on board, you’re guaranteed to Work Smarter.

SRC Solutions, Inc

Patrick Maher – President 17 years experience

Patrick Maher is the President and founder of SRC Solutions, Inc., establishing the business in 2001 and developing the company's Xerox relationship to the Platinum Partner Level. Patrick has secured and worked on numerous SRC / Xerox projects involving Document Management and imaging solutions. The firm's clients have included the Commonwealth of Pennsylvania Department of Public Welfare, Upper Merion (PA) School District, and York (PA) City Schools, the City of Newark (NJ) and the City of Peabody (MA).

His most recent assignment involved participation on a project team defining, designing and building an on site scanning system for York City Schools. He is knowledgeable in the Imaging, Indexing and Document Management systems such as Xerox DocuShare, OnBase, FileNet, IDS Edge Suite and others along with a host of scanning technology. Prior to founding SRC, Patrick was a top performer for Xerox in the Sales and Delivery of Xerox Equipment and Software, primarily focused in imaging. He holds a Bachelor's Degree from Penn State University.

Michael O'Boyle – SVP Development 17 years experience

Michael O'Boyle possesses more than 17 years in the software development and document imaging / management industry. A member of the SRC Management Team, Michael is also responsible for the product and technology roadmaps for the company and provides senior level project management for technology development and major accounts. Michael was instrumental in the in-depth research and development of the systems architecture for the SRC / Xerox project for the City of Newark (NJ). He holds a Bachelor's Degree from the Rochester Institute of Technology.

Scott Riley – CFO / COO 25 years experience

Mr. Riley is a 25 year industry veteran focused on Financial Controllershship, Operations and Quality Process Management. Mr. Riley gained his professional experience in the automotive supply chain logistics industry managing multi-million dollar accounts for Mercedes-Benz, General Motors, Ford and Chrysler at both the regional and national level. He also brings his expertise as a former GE sponsored Certified Lean Six Sigma Master Black Belt focused on the successful attainment of ISO Certification for the Corporation as well as the application of the DMAIC methodology.

Peter Serrao – SVP Deployment 21 years experience, JAVA Proficiency

Peter Serrao is a 15-year veteran of the computing industry. He held a variety of positions at Xerox, including Chief Technologist of the Off-Site Document Management Solutions Group; Manager of Technical Operations, North America, askOnce Business Unit; Technical Advisor to the e-Services Group; and Senior Project Manager. He has a Masters Degree in Software Development and Management from the Rochester Institute of Technology in Rochester, NY.

Peter is experienced in the design and implementation of complex, internet-based, digital services in a Business Process Outsourcing model, with emphasis on: Content and Media Management, 1-to-1 Marketing Communication Solutions, Document Management and Archival, Internet Presentment, Variable and Static Data Print-On-Demand, Global Print Production and Distribution, Cross-Media Delivery of Content, and ERP Integration. He is skilled in the Application Service Provider models of services provisioning and adept at technology forecasting.
